SOCIALIZE FOR SPORT

WHO WE ARE

Socialize for sport. A simple principle embodies the spirit of our concept. We are golfers. We are lifelong members of the hospitality industry. We are members of the community. And we believe Back 9 Social is the perfect child of these traits.

People golf for the sport and the competition but also for the friendship and culture. No sport has grown to the extent that golf has in recent years and it is no mystery why. What we love most about golf is that people of all levels, from the beginner to the pro, can gather under one roof at the same time to enjoy the game and the company of each other. Back 9 Social allows everyone to grow in their passion for golf while enjoying the finer things in life.

Back 9 Social has brought together the pinnacle of golf simulation with the best of hospitality. Gastropub eats, craft cocktails, and the premier launch monitors and simulators. There is no better place to have your next social event. Let our expertise create a fun, memorable experience for you and for your friends and family.
